SCHOOL CHOICE POLICY is located on the reverse of this page

Pursuant to Massachusetts General Law Chapter 76, Section 12, any child, with the consent of the school committee of the town where he/she resides, may attend, at the expense of said town, the public schools of another town, upon such terms as may be fixed by the two committees.

In accordance with this law it is the policy of the Ralph C. Mahar Regional School District to admit non-resident students under the following local conditions:

1. The administration will determine the number of spaces in each academic program available to choice students.
2. That resident students be given priority placement in any classes or programs within the district.
3. When the number of requests exceeds the number of available spaces, the selection of non-resident students for admission will be in the form of a random drawing. There will be two drawings for this purpose. The first will take place after the last day of the current school year, but no later than July 1st. The second will be conducted during the week immediately preceding the opening of the next school year and will be based on the unexpected additional openings.
4. Any student who is accepted for admission under the provisions of this policy is entitled to remain in the district until graduation from high school except if there is a lack of funding of the program.
5. The Ralph C. Mahar School District is not responsible for the transportation of school choice students. Parents/guardians must arrange for the transportation of their school choice student(s) to and from school.
